RE: Kent County 2022 Transportation Priority Letter

Dear Secretary Ports:

We would like to thank the staff of the Maryland Department of Transportation for its continued cooperation and support in meeting the transportation needs of the County. The County would like to reaffirm its continued opposition to any proposal for a north Bay Bridge crossing with a terminus in Kent County. The County's position in this regard is based on its long-standing Comprehensive Plan strategies dating back to 1974 and its affiliated Land Use designations.

In cooperation with the local municipalities in Kent County, Maryland, the Board of County Commissioners present the following priority listing of transportation projects for your consideration.

- Construction, Engineering, and Project Planning Priorities
 - Chester River Bridge Crossing – aka Chester River Boulevard (This project has been entered in the MOOT Chapter 30 Portal.)
- US 30 I Toll Diversion Coordination Actions in coordination with Cecil County, Maryland

Of immediate importance is coordination with DelDOT regarding toll-evading traffic, now that US 301 has been converted to a limited-access toll road. Toll evasion now threatens the distinctive character and sense of place in both Kent County, Maryland and Cecil County, Maryland. The current toll-evading traffic has shifted an undue burden of maintenance and operations costs from DelDOT's roads to Maryland's local roadways. Likewise, truck weight scale evasion could have similar impacts along the US 1/222/301 corridors. In conjunction with this priority, our project requests are as follows:

- Continued coordination with DelDOT in the operations of US 301 in Delaware.
- Stepped-up enforcement of truck weight limits along the MD 213 and US 1/222/301, which would be especially helpful to the Town of Galena regarding the traffic impacts.

- Millington Streetscape Priorities – complete current drainage and ADA sidewalk project; and resurface Cypress and Sassafras Streets – grind existing pavement, correct foundation support of roadway, repave.
- Rock Hall – Pedestrian crosswalk at Judefind Ave to Williams Ave across Rock Hall Ave (Route #20)
