

MARYLAND'S LINKED DEPOSIT PROGRAM

Fact Sheet

PURPOSE OF THE PROGRAM

The Maryland Linked Deposit Program is a new, statewide initiative designed to stimulate opportunities for **certified** Minority Business Enterprises (MBEs) by reducing the interest rate on loans they obtain from participating banks. Certified MBEs that notify the Maryland Department of Housing and Community Development prior to obtaining qualifying loans from enrolled financial institutions may be able to receive a **2% discount** on their loans. The Linked Deposit Program (LDP) looks to stimulate economic opportunities, enabling a qualified minority business enterprise access to affordable capital in order to grow and expand their business.

ELIGIBLE BORROWERS

To be eligible, a borrower must be certified by the Maryland Department of Transportation as a Minority Business Enterprise and the purpose of the loan must be for a project or activity located in Maryland. Borrowers must apply to the Maryland Department of Housing and Community Development to be eligible for the Linked Deposit Program.

AMOUNT OF FINANCING ELIGIBLE

A participating bank and an MBE may agree to any loan amount they deem appropriate, but for purposes of the Linked Deposit Program, ***note the amount eligible to be "enrolled" may not exceed \$1 million dollars, or if a business has more than one loan under the Program, the total of all such loans cannot exceed \$1 million.***

ELIGIBLE LENDERS

Lenders that may participate are those that the Maryland State Treasurer's Office has designated as eligible to participate in the Linked Deposit Program. The list of participating lenders is on the back page.

HOW IT WORKS

- A certified Minority Business Enterprise submits a brief application, via the Internet or in a paper form, to the Linked Deposit Program, administered by the Department of Housing and Community Development (DHCD).
- After verifying the MBE's certification, DHCD forwards the application to all banks enrolled in the program.
- DHCD provides the MBE a list of the participating banks and the MBE contacts participating banks to complete their full application requirements. Participating banks may also contact the MBE applicant directly.
- The bank lenders underwrite the requested loan according to their standard underwriting, with an interest rate that is 2% less than the rate the bank would charge for a loan of similar purpose and term.
- Upon loan approval and acceptance by the MBE, the bank enrolls the loan in the Linked Deposit Program.
- Once a qualifying loan is enrolled, the Maryland State Treasurer's Office purchases a certificate of deposit equal to the amount of the loan from the bank that issued the loan. The Treasurer accepts an interest rate on the certificate of deposit that is 2% less than current market rates.
- Borrowers enrolled in the Program will receive a 2% interest rate reduction benefit for the term of the loan, so long as that borrower remains certified as a MBE.
- Loans enrolled in the Linked Deposit Program are not a debt of the State of Maryland, nor is the State liable to any financial institution for payment of the principal or interest on a loan assisted by a linked deposit.

ADDITIONAL BENEFITS OF THE PROGRAM

- The Linked Deposit program encourages banks to expand lending to certified Minority Business Enterprises.
- Linked Deposit Program loans may be combined with other loan programs.
- The Linked Deposit interest rate reduction is available for both lines of credit and term loans.
- Leverages \$50 million of State funds to reduce the cost of capital for certified Minority Business Enterprises.

GENERAL RESTRICTIONS

- Loan terms cannot exceed 10 years.
- Loan proceeds must be used for projects located in Maryland.
- Points charged by the lender cannot exceed 1% of the loan amount.
- A loan may not be used for the furtherance of sectarian or religious purposes or instruction.

HOW TO GET STARTED

- Apply online at www.neighborhoodrevitalization.org or contact the program, listed below.
- For information on MBE certification, visit www.e-mdot.com/MBE_Program/Index.html or call 1-800-544-6056.
