

CLARK DESIGN/BUILD, LLC. and THE UNIVERSITY OF MARYLAND

**INVITES YOU TO JOIN OUR MBE BUSINESS OPPORTUNITY FAIR
FOR**

The University of Maryland Oakland Hall Dormitory Project

We are looking for subcontractors, suppliers and vendors, in particular MDOT Certified Minority Business Enterprises (MBE's). You're invited to join our Business Opportunity Fair to find out what opportunities are available for you on this project. We look forward to seeing you all there!

The purpose of this fair is to:

- Let subcontractors, suppliers, and vendors know about the types of opportunities this project offers.
- Learn about MDOT MBE reciprocal certification. If already MBE certified by DDOT, WMATA, Virginia DMBE or MWAA, start the process NOW with this link http://www.mdot.state.md.us/MBE_Program/WhatsNew.html
- Learn about Clark's prequalification process for subcontractors, suppliers, and vendors

Project Background:

Clark Design/Build was selected by the University in December 2008 to design and construct this project.

All design services have already been procured on the project. The bid for construction will occur in the summer of 2009. Construction is scheduled to start late summer 2009 and be complete in the spring of 2011.

The project is an 8 story above grade, one story below grade dormitory for University of Maryland students. It is approximately 200,000 sf and will be located on the north end of the College Park campus. It is scheduled to house approximately 650 students in 200 units. The basement of the building will house a central utility plant that will serve this project as well as adjacent buildings.

The building is scheduled to be a cast in place concrete structure. Exterior skin will be composed of masonry, cast stone trim, punched aluminum windows, window wall, and metal panels. The building is scheduled to achieve a LEED Silver certification.

MBE Business Opportunity Fair
Thursday, March 19, 2009 1-3 pm
Robert H. Smith School of Business, Room 1524
