Re: FY 2012 Transportation Priority Letter

Dear Mr. Sennstrom:

We appreciate the fact that County Government has recognized the importance of the improvements needed on the MD 222 and US 40 intersection and the corridor of MD 222 from US 40 to MD 275 in the transportation priority letter to Transportation Secretary Swaim-Staley. Although we understand the need for the extension of the MARC system to Elkton, we believe that there is an immediate need for those road improvements and suggest that those improvements have a higher priority than the MARC train extension.

Thank you for your consideration of our comments.

Sincerely,

Denise Breder
Town Administrator
