RE: Administrative Modification to the Fiscal Year (FY) 2010 Maryland Statewide Transportation Improvement Program (STIP) to Reflect an Administrative Modification to the FY 2010 Baltimore Region Transportation Improvement Program to Add New Local Highway Projects in Harford County to be Funded Using Low Bid Savings from Previously Approved American Recovery and Reinvestment Act Funded Projects.
MDOT Control #10-13

Dear Mr. Castellanos and Ms. Thompson:

The Maryland Department of Transportation (MDOT) hereby administratively modifies the FY 2010 Maryland Statewide Transportation Improvement Program to reflect an administrative modification to the FY 2010 Baltimore Region Transportation Improvement Program which was approved by the Baltimore Regional Transportation Board's Executive Committee on February 23, 2010. The modification provides for the programming of American Recovery and Reinvestment Act funding made available through low bid savings from previously approved local highway maintenance projects in Harford County. No additional funds will be added. This modification provides for the reprogramming of previously approved funds. The new projects consist of the construction of a roundabout and resurfacing of six local road segments. Supporting documentation including costs and project locations is attached.

The Maryland Statewide Transportation Improvement Program continues to be fiscally constrained. If you have any questions or need additional information, please do not hesitate to
