RE: Administrative Modification to the Fiscal Year (FY) 2011 Maryland Statewide Transportation Improvement Program (STIP) to Reflect an Administrative Modification to the FY 2011-2016 Washington Region Transportation Improvement Program to Change the Funding Ratio for the Previously Approved I-270 Interchange Project. MDOT Control #11-29.

Dear Mr. Murrill and Ms. Thompson:

The Maryland Department of Transportation (MDOT) hereby administratively modifies the FY 2011 Maryland Statewide Transportation Improvement Program to reflect an administrative modification to the Washington Region FY 2011-2016 Transportation Improvement Program to correct the Federal/State split for NHS funding for the I-270 Interchange project at Watkins Mill Road Extended. The funding ratio was previously incorrectly shown in the TIP as 80% federal/ 20% state and by this modification has been corrected to show 90% federal/10% state. The modification was approved by Transportation Planning Board staff on July 6, 2011.

The revised TIP page and verification of the TPB staff concurrence is attached.

The Maryland Statewide Transportation Improvement Program continues to be fiscally constrained. If you have any questions or need additional information, please do not hesitate to contact me at 410-865-1295, toll-free at 888-713-1414 or via email at mnixon@mdot.state.md.us.
