RE: Amendment to the Fiscal Year (FY) 2011 Maryland Statewide Transportation Improvement Program (STIP) to transfer Federal Funds from MARC Coaches- Overhauls and Replacement (Line 4) to MARC Growth and Investment Plan (Line 7). MDOT Control # 11-43.

Dear Mr. Murrill and Ms. Thompson:

The Maryland Department of Transportation (MDOT) hereby amends the FY 2011 Maryland STIP to reflect federal funds being transferred from MARC Coaches- Overhauls and Replacement (Line 4) to MARC Growth and Investment Plan (Line 7). There is no net change in federal funding (simply a transfer from one project to another), and there is an addition of $35.4 million in state funding. As described in the attached memo, this is also a change in scope for both projects as the MARC Growth and Investment Plan will increase the procurement of new railcars from 35 to 54, and the MARC Coaches- Overhauls and Replacement funding amount will be reduced due to the cancellation of the planned overhaul of 26 MARC IIA railcars (the overhaul is no longer necessary since new cars will be purchased instead). The STIP categories and funding amounts are shown below:

- Line 4 - MARC Coaches- Overhauls and Replacement: Reallocate $24,600,000 in combined 5307, 5309 Fixed Guideway, 5309 New Starts, and Congestion Mitigation and Quality funds, and
- Line 7 - MARC Growth and Investment Plan: Increase funding to $59,976,000 by adding $24,600,000 in a combined 5307, 5309 Fixed Guideway, 5309 New Starts, and Congestion Mitigation and Quality funds (from Line 4), and adding $35,000,000 in Maryland Transportation Trust Fund (State) Dollars.

Attached please find supporting documentation that includes the Maryland Transit Administration's request with a detailed Summary of proposed changes, current and proposed PIFs, and PIF change forms.

The Maryland Statewide Transportation Improvement Program continues to be fiscally constrained. MEMORANDUM

TO: Mr. Don Halligan, Director
Office of Planning and Capital Programming

ATTN: Mr. Mike Nixon

FROM: Ms. Diane Ratcliff, Director
MTA Office of Planning

DATE: October 3, 2011

SUBJECT: Amendment to Appendix L of the FY 2011 STIP
To reflect the reallocation of funds for the procurement of bi-level railcars.

We are requesting an amendment to Appendix L of the FY 2011 Statewide Transportation Improvement Program (STIP) to update the "MARC Growth and Investment Plan" and the "MARC Coaches- Overhauls and Replacement" Project Information Forms (PIF's). We are requesting the STIP amendment to reflect the reallocation of 5307, 5309 Fixed Guideway (FG), 5309 New Starts (NS) and Congestion Mitigation and Air Quality (CMAQ) funds for the procurement of 54 bi-level railcars. These bi-level railcars will be purchased using New Jersey Transit piggyback options to support the Penn, Camden and Brunswick MARC lines.

The amendment would modify the MTA MARC Growth and Investment Plan (MGIP- Line 7) project, which includes new railcar procurement, by increasing its scope from 35 to 54 vehicles. The additional cost of this scope increase is $60 million. In order to fund this scope increase, the scope of the MARC Coaches – Overhaul and Replacement project (MCOR- Line 4) would be reduced by $25 million through the cancellation of the planned overhaul of 26 MARC IIA railcars. This amendment proposes the transfer of the $25 million from the MARC Coaches – Overhaul and Replacement project to the MARC Growth and Investment Plan project. Additionally, state funding of $35 million has been provided through the Maryland Transportation Trust Fund to make up the balance required for the purchase of the 54 railcars, and this funding would be added to the MARC Growth and Investment Plan project. A summary of the changes associated with this amendment can be found below.

Summary of Net Funding Change for Proposed 2011 STIP Amendment

	Federal	State	Total
MCOR- Line 4	($19.2 million)	($5.4 million)	($24.6 million)
MGIP- Line 7	$19.2 million	$40.8 million	$60.0 million
Net Change	-	**$35.4 million**	**$35.4 million**

A more detailed summary of the proposed amendment to the Maryland 2011 STIP is attached for reference. Updated PIF's are also attached for inclusion in the amended STIP. If you have any questions, please do not hesitate to contact Mr. John Gasparine, MTA Program Administrator, at (410) 767-3760 or via email at jgasparine@mta.maryland.gov.

MARC Growth and Investment Plan

Description	The MARC Growth and Investment Plan provides a framework for improvements and expansion of the MARC commuter service. Purchase of new railcars, improvements to station facilities and rail infrastructure, and expansion of parking are planned.
Justification	The scope is being modified to include the purchase of 54 new vehicles to replace 38 coaches (26 MARC IIA coaches and 12 MARC Gallery coaches) and expand the fleet by 16 coaches to accomodate growth on the MARC train service. The prior scope included 35 new vehicles.

Re: Amendment to the FY 2011 Statewide Transportation Improvement Program,
MDOT Control #11-43

Dear Mr. Halligan:

In a letter dated October 5, 2011, the Maryland Department of Transportation (MDOT) requested approval of an amendment to the FY 2011 Statewide Transportation Improvement Program (STIP). This STIP amendment reduces Section 5307, Section 5309 New Starts, Section 5309 Fixed Guideway, and Congestion Mitigation and Air Quality funds programmed for the MARC Coaches – Overhaul and Replacement project. This STIP amendment reallocates the funds previously programmed for the MARC Coaches – Overhaul and Replacement project to the MARC Growth and Investment Plan.

Since the advancement of these projects does not alter any conformity findings nor interfere with any State Implementation Plan projects, a joint Federal Transit Administration (FTA)/Federal Highway Administration (FHWA) approval of this STIP amendment is not required. In accordance with your procedures to incorporate the MTIPs into the STIP by reference, these projects are part of an approved amendment to the approved FY 2011 STIP. We hereby approve the inclusion of these projects as an amendment to the STIP. This approval does not constitute an obligation of federal funds. FTA finalizes federal funding for projects included in the STIP upon approval of a grant application.

Gail McFadden-Roberts, of my staff, is available if you have any questions concerning this approval.

Sincerely,

Michele Destra, Director
Office of Planning and Program Development
