RE: Amendment to the Maryland FY 2014 Statewide Transportation Improvement Program
To Include the Calvert – St. Mary's Metropolitan Planning Organization
FY 2015 - 2018 Transportation Improvement Program
MDOT Control #14-71

Dear Mr. Murrill and Mr. Lovelace:

The Maryland Department of Transportation (MDOT) hereby amends the FY 2014 Statewide Transportation Improvement Program to include the FY 2015 - 2018 Calvert – St. Mary's Metropolitan Planning Organization Transportation Improvement Program (TIP) which was adopted by the MPO Council on June 17, 2015.

The Maryland Statewide Transportation Improvement Program continues to be fiscally constrained. If you have any questions or need additional information, please do not hesitate to contact me at 410-865-1295, toll-free at 888-713-1414 or via email at mnixon@mdot.state.md.us. Thank you for your assistance.

Sincerely,

A handwritten signature in blue ink that reads "Michael W. Nixon".

**RESOLUTION BY THE CALVERT - ST. MARY'S
METROPOLITAN PLANNING ORGANIZATION COUNCIL ADOPTING THE
FY 2015 - FY 2018 TRANSPORTATION IMPROVEMENT PROGRAM**

WHEREAS, the Calvert - St. Mary's Metropolitan Planning Organization (C-SMMPO) was established to conduct regional transportation planning for the C-SMMPO area in accordance with Federal requirements; and

WHEREAS, the C-SMMPO Council is the governing body for the C-SMMPO; and

WHEREAS, the Maryland Department of Transportation and the C-SMMPO prepared the FY 2015 - FY 2018 Transportation Improvement Program (TIP); and

WHEREAS, the FY 2015 - FY 2018 TIP was presented at a public meeting of the C-SMMPO Council on June 17, 2015 and consistent with the requirements of the MPOs adopted Public Participation Process a 15-day public comment period extending from June 2, 2015 through June 16, 2015 was instituted prior to the public meeting; and

NOW THEREFORE, BE IT RESOLVED that the C-SMMPO Council does hereby adopt the FY 2015 - FY 2018 TIP for the C-SMMPO area.

MPO Chairperson

TRANSPORTATION IMPROVEMENT PROGRAM FY 2015 - 2018

**CALVERT - ST. MARY'S METROPOLITAN PLANNING ORGANIZATION
TRANSPORTATION IMPROVEMENT PROGRAM FY 2015 - 2018**

INTRODUCTION

As a result of the 2010 U.S. Census the Lexington Park—California—Chesapeake Ranch Estates Area was classified as an Urbanized Area, and in accordance with the U.S. Department of Transportation requirements a Metropolitan Planning Organization (MPO) was designated by Maryland Governor Martin O'Malley on December 31, 2013 as the Calvert - St. Mary's Metropolitan Planning Organization (C-SMMPO). The Planning Area boundary, which includes the Urbanized Area, is a larger area that includes the anticipated growth area for the next 20 years for the member jurisdictions.

The population of the Urbanized Area as defined by the U.S. Census Bureau was 58,875. A population of 50,000 or greater is required for designation of an urbanized area.

Since the 1960's the federal government has established urban transportation planning requirements in all metropolitan areas, as a prerequisite to the approval of federal funding (23 CFR Part 450 and 49 CFR Part 613). The regulations require a continuing, comprehensive and cooperative (3-C) planning process in all urbanized areas. The MPO is the planning agency responsible for transportation planning within the identified planning area in accordance with federal regulations.

In 1991, the Intermodal Surface Transportation Efficiency Act (ISTEA) was passed. This act revised some of the established regulations and procedures and placed a new emphasis on Metropolitan Planning Organizations. As part of this Act the MPO planning process has been more specifically defined and new planning requirements have been prescribed.

In 1998, the Transportation Equity Act for the 21st Century (TEA-21) was passed continuing the initiatives of the 1991 Act and adding several new provisions and programs.

In 2005, the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) was passed, building on the foundation established by ISTEA and TEA-21 and representing the largest surface transportation investment in the nation's history. SAFETEA-LU expired in 2009 and after a series of Continuing Resolutions, Moving Ahead for Progress in the 21st Century (MAP-21) was signed into law by President Barack Obama in July 2012.

MAP-21 is a two year law that seeks to build on and refine many of the highway, transit, bike and pedestrian programs and policies established by ISTEA in 1991 and all subsequent federal transportation acts.

TRANSPORTATION PLANNING PROCESS

Federal Planning Factors

MAP-21 and federal regulations (23 CFR 450.306) stipulate that the metropolitan planning process incorporate eight specific factors reflecting sound planning principles. These factors are to be explicitly considered, analyzed as appropriate, and reflected in each MPO's planning products (including the Long Range Transportation Plan and the Transportation Improvement Program). These eight factors are:

1. Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency.
2. Increase the safety of the transportation system for motorized and non-motorized users.
3. Increase security for transportation system users.
4. Increase the accessibility and mobility options available to people and for freight.
5. Protect and enhance the environment, promote energy conservation, improve quality of life, and promote consistency between transportation improvements and state and local planned growth and economic development patterns.
6. Enhance the integration and connectivity of the transportation system, across and between modes, for people and freight.
7. Promote efficient system management and operation.
8. Emphasize preservation of the existing transportation system.

Performance Management Measures / National Goals

MAP-21 seeks to focus the federal aid program on the following national goals from 23USC §150(b). These include:

1. SAFETY - Achieve a significant reduction in traffic fatalities and serious injuries on all public roads
2. INFRASTRUCTURE CONDITION - Maintain the highway infrastructure asset system in a state of good repair
3. CONGESTION REDUCTION - Achieve a significant reduction in congestion on the National Highway System
4. SYSTEM RELIABILITY - Improve the efficiency of the surface transportation system
5. FREIGHT MOVEMENT AND ECONOMIC VITALITY - Improve the national freight network, strengthen the ability of rural communities to access national and international trade markets, and support regional economic development
6. ENVIRONMENTAL SUSTAINABILITY - Enhance the performance of the transportation system while protecting/enhancing the natural environment
7. REDUCED PROJECT DELIVERY DELAYS - Reduce project costs, promote jobs and the economy, and expedite the movement of people and goods by accelerating project completion through eliminating delays in the project development and delivery process, including reducing regulatory burdens and improving agencies' work practices

This Transportation Improvement Program (TIP), which is a component of the prescribed Metropolitan Planning Process, is a compendium of all federally-funded and regionally significant transportation projects that have been programmed for a four-year period for the C-SMMPO Area. This TIP was available for review and comment by the public consistent with the organization's Public Participation Program.

ORGANIZATION AND MANAGEMENT

Metropolitan Planning Organization

The primary governing body of the C-SMMPO is the Council, which consists of three (3) members. The members consist of one representative from each the following governments and agencies:

- Maryland Department of Transportation
- Calvert County
- St. Mary's County

All three members have equal voting rights as defined in the MPO's bylaws.

Technical Advisory Committee (TAC)

The C-SMMPO Council will establish a Technical Advisory Committee (TAC) comprised of technical representatives such as planners and engineers to provide technical expertise and develop recommendations to assist the Council by reviewing and recommending revisions to the planning process, data collection, forecasts, the Long-Range Transportation Plan, the Transportation Improvement Program, and the Unified Planning Work Program. When established the TAC voting membership will include representation from the various member jurisdictions, as well as from transportation organizations and relevant state agencies.

MPO Staff

The C-SMMPO staff consists of personnel from the Calvert County Department of Planning and Zoning and the St. Mary's County Department of Land Use and Growth Management. At this time staff devotes a portion of its time to transportation planning activities and there are no full-time C-SMMPO employees. Technical assistance is provided as needed by the Maryland Department of Transportation, the State Highway Administration, and the Maryland Transit Administration. The staff manages the operations of the C-SMMPO as directed by the Council and recommendations of the TAC, and coordinates all planning projects and activities identified by the Council. The staff also acts as a local liaison to the State and Federal agencies involved in transportation planning within the C-SMMPO's Metropolitan Planning Area .

Organizational Procedures and Bylaws

The C-SMMPO operates under an adopted set of bylaws. The C-SMMPO provides and maintains all records including fiscal, administrative, and procurement services, and staff performing these services operates under the rules and procedures of Calvert and St. Mary's Counties and the State of Maryland. C-SMMPO's records are available for public inspection at the offices of St. Mary's County Department of Land Use and Growth Management during normal business hours, Monday through Friday. All of C-SMMPO's planning documents are also available at the planning offices of each County as specified in the C-SMMPO's Public Participation Plan. The records are available for public inspection during normal business hours, Monday through Friday.

PUBLIC PARTICIPATION PROCESS

The C-SMMPO Council is the policy body for transportation planning in the Metropolitan Area and meets as needed to conduct MPO business such as approval of the annual Unified Planning Work Program (UPWP) and the Transportation Improvement Program (TIP). The Council also acts to amend these documents as necessary. The Council meetings are advertised on the C-SMMPO website and in the local newspapers. All C-SMMPO meetings are open to the public and opportunities for the public to comment on MPO issues are provided at the meetings. The C-SMMPO Council solicited public input on the FY 2015-2018 TIP.

In compliance with MAP - 21 a Public Participation Plan was developed adopted on April 20, 2015. This Plan documents and formalizes the public participation process, which is conducted for all MPO activities including the development, review and approval of the TIP. Specifically, the Plan requires a 15-day public comment period for the TIP, which includes amendments. Moreover, the Plan requires a Public Hearing of the C-SMMPO Council, as well as advertising notice of the Public Hearing as specified in the Public Participation Plan 15-days in advance of the meeting.

The public participation process for this Transportation Improvement Program will also meet the Federal Transit Administration public participation requirements for the Maryland Transit Administration's Program of Projects.

PROJECT PRIORITIZATION

Maryland's small MPOs, which are staffed by county planning offices, do not have formally defined project prioritization processes. The MPOs do however have a role in the development of the Maryland Consolidated Transportation Program (CTP) which contains all of the projects programmed in the Metropolitan Transportation Improvement Programs.

In addition to the frequent and in some cases daily coordination and consultation between MPO staff and MDOT planners, there are several mechanisms for reaching consensus on the programming of local transportation projects as follows:

- **Maryland Association of Counties & Maryland Municipal League:** These two organizations meet annually and provide both formal and informal opportunities for local elected officials and County representatives in the State to share and discuss transportation needs. MPO policy body members are members of these groups.
- **Secondary Highway System Priority Letter:** State and local elected officials are encouraged to reach consensus on local priorities for the secondary highway system, as well as transit priorities, and to document these priorities in a letter to the Maryland Department of Transportation. The priorities become candidates for funding and inclusion in the CTP.
- **Annual Consolidated Transportation Program (CTP) Tour:** In the Fall of every year the Secretary of Transportation and the Department's modal administrators visit each of the State's 23 counties and Baltimore City to present and solicit input on the Draft CTP from local elected officials, state legislators and citizens. Information obtained at these meetings is used in the development of the final CTP that is presented to the General Assembly for approval at the beginning of the 90-day legislative session in January. Since County elected officials are

members of all of Maryland's small MPO policy boards, the MPOs are represented and consulted during the annual CTP Tour.

AIR QUALITY CONFORMITY STATUS

The Environmental Protection Agency (EPA) has designated Calvert County as being "marginal non-attainment for ozone." St. Mary's County is in attainment for this standard and both Counties are in attainment for the Particulate Matter (PM 2.5) standard. An agreement shall be developed as required by 23 CFR 450.314 Metropolitan Planning Agreements.

**Re: Amendment to the Maryland FY 2014 Statewide Improvement Program
MDOT Control # 14-71**

Dear Mr. Halligan:

We have completed our review of the State request (MDOT Control#14-71) to amend the Fiscal Year (FY) 2014 Statewide Transportation Improvement Program (STIP). Specifically, the STIP is being amended to include the FY 2015-2018 Calvert-St. Mary's Metropolitan Planning Organization Transportation Improvement Program (TIP). The TIP was adopted by the MPO Council on June 17, 2015.

We accept this amendment and find that it was developed based on a continuing, cooperative, and comprehensive transportation planning process, in accordance with 23 U.S.C. 134, 23 U.S.C. 135 and 49.

Any questions concerning this amendment should be directed to Kwame Arhin, Planning Program Manager, FHWA Delmar Division, at (410) 779-7158, or Kathleen Zubrzycki, Community Planner, FTA Region III, at (215) 656-7262.

Sincerely,

Terry Garcia Crews
