State Report on Transportation (SRT)

Consists of the Maryland Transportation Plan (MTP) and the Consolidated Transportation Program (CTP).

Maryland Transportation Plan (MTP)

The MTP identifies the focus of the Department and its modal administration that defines program objectives

and serves to guide program development. It includes a 20-year forecast of needs based on anticipated

resources available to the Department.

CHART Coordinated Highways Action Response Team – Maryland's program to employ Intelligent Vehicle Highway

System (IVHS) technology to better manage highway capacity.

Consolidated Transportation Program (CTP) The CTP designates capital projects that will be undertaken during the six-year period, and a summary of

operating programs. The CTP also identifies projects added to the Construction Program and Development and Evaluation Program, delayed in schedule, deleted from the Development and Evaluation Program and finally

completions.

Construction Program List within the CTP of major projects (descriptions, cost estimates and schedules) under construction and those

anticipated to begin construction within the six-year period. An estimate of annual expenditure levels for

system preservation projects is also included.

Development & Evaluation Program (D&E) List within the CTP of projects for planning studies, preparation of environmental studies and preliminary

design. These projects are candidates for future addition to the Construction Program.

Remaining Cost to Complete Amount of funds required after the budget year to complete a project.

Balance to Complete Amount of funds required after the six-year program period of the CTP to complete a project.

Major Capital Project New, expanded or significantly improved facility or service that generally involves planning, environmental

studies, design, right-of-way acquisition, construction or purchase of essential equipment related to the facility

or service.

System Preservation Project Project of limited scope for the preservation or rehabilitation of an existing facility or service which generally

does not have a significant impact on the human or natural environment.
