Ms. Terry Garcia Crews  
Regional Administrator  
Attn: Mr. Ryan Long  
Federal Transit Administration, Region III  
1835 Market Street, Suite 1910  
Philadelphia PA 19103-2968

Dear Mr. Murrill and Ms. Crews:

The Maryland Department of Transportation (MDOT) hereby amends the Fiscal Year (FY) 2019-2022 Maryland Statewide Transportation Improvement Program (STIP) to reflect the addition of two new projects to the FY 2019-2024 National Capital Region Transportation Planning Board (TPB) Transportation Improvement Program (TIP).

This amendment reflects two new projects being added to the STIP on behalf of the Prince George’s County Department of Public Works and Transportation (DPW&T). The TPB approved the amendment to its TIP on September 6, 2019, and MDOT has assigned Control #19-24 for this amendment to the STIP. The approval and supporting documentation are attached.

RESOLUTION ON AN AMENDMENT TO THE FY 2019-2024 TRANSPORTATION IMPROVEMENT PROGRAM (TIP) THAT IS EXEMPT FROM THE AIR QUALITY CONFORMITY REQUIREMENT TO INCLUDE FUNDING FOR THE MOLLY BERRY ROAD BRIDGE AND BOWIE ROAD CULVERT PROJECTS, AS REQUESTED BY THE PRINCE GEORGE’S COUNTY DEPARTMENT OF PUBLIC WORKS & TRANSPORTATION (DPW&T)

WHEREAS, the National Capital Region Transportation Planning Board (TPB), which is the metropolitan planning organization (MPO) for the Washington Region, has the responsibility under the provisions of the Fixing America’s Surface Transportation (FAST) Act for developing and carrying out a continuing, cooperative and comprehensive transportation planning process for the Metropolitan Area; and

WHEREAS, the TIP is required by the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) as a basis and condition for all federal funding assistance to state, local and regional agencies for transportation improvements within the Washington planning area; and

WHEREAS, on October 17, 2018 the TPB adopted the FY 2019-2024 TIP; and

WHEREAS, in the attached letter of August 28, 2019, Prince George’s County DPW&T has requested an amendment to the FY 2019-2024 TIP to include $1.9 million in Bridge Replacement & Rehabilitation (BR) and local match funding for the Molly Berry Road Bridge project (TIP ID 6684), and $1.0 million in BR and local match funding for the Bowie Road Culvert project (TIP ID 6685) as described in the attached materials; and

WHEREAS, these projects are exempt from the air quality conformity requirement, as defined in Environmental Protection Agency’s (EPA) Transportation Conformity Regulations as of April 2012; and

WHEREAS, funding for these projects are included in the Visualize 2045 financial analysis; and

NOW, THEREFORE, BE IT RESOLVED THAT the Steering Committee of the National Capital Region Transportation Planning Board amends the FY 2019-2024 TIP to include $1.9 million in BR and local match funding for the Molly Berry Road Bridge project (TIP ID 6684), and $1.0 million in BR and local match funding for the Bowie Road Culvert project (TIP ID 6685) as described in the attached materials.

Adopted by the TPB Steering Committee at its regular meeting on September 6, 2019.

August 28, 2019

The Honorable Martin Nohe
National Capital Region Transportation Planning Board
Metropolitan Washington Council of Governments
777 North Capitol Street, N.E., Suite 300
Washington DC 20002

Dear Chairman Nohe:

The Prince George’s County Department of Public Works and Transportation (DPW&T) requests two new amendments to the Prince George’s County portion of the National Capital Region Transportation Planning Board’s (TPB) FY 2019-2024 Transportation Improvement Program (TIP) for two projects under the County’s existing Bridge Rehabilitation, Federal Aid Program (CLRIP #2600):

1. **Molly Berry Road Bridge**: The project will replace the existing concrete box beam bridge that is structurally deficient. Prince George’s County developed design standards for the NEXT beam, an innovative pre-fabricated concrete beam, under a previously awarded Federal Highway Administration (FHWA) grant. The project will be designed using these standards and other innovations such as ultra-high performance concrete. DPW&T will be the first public agency in the State of Maryland to use the NEXT beam. This amendment will be under TIP ID #6684 and costs $1,900,000 in new funding.

2. **Bowie Road Culvert Project**: The project will rehabilitate an existing box culvert, which carries Bowie Road below an existing CSX railroad bridge. Initial design analysis resulted in a simplified rehabilitation that will realize significant savings in construction. Design was initiated in FY 2017. This amendment will be under TIP ID #6685 and costs $1,000,000 in new funding.

The funding formula for the construction of both projects is anticipated to be 80% federal aid and 20% local aid for the bridge construction. Both projects’ planning and design will be 100% County-funded. These are sub-projects to an existing program within the financial element of Visualize 2045, for which funds are already accounted and do not represent new funds. Therefore, the plan and FY 2019-2024 TIP remain
fiscally constrained, and, the air quality conformity analysis will not be impacted since
neither project adds capacity.

Prince George’s County requests that these amendments be approved by the TPB
Steering Committee at its September 6, 2019 meeting. We appreciate your cooperation
in this matter. If you have any questions or comments, please do not hesitate to contact
Mr. Victor Weissberg at (301) 883-5604 or via email at vweissberg@co.pg.md.us.

Sincerely,

[Signature]

Terry L. Bellamy
