

MARYLAND BOARD OF AIRPORT ZONING APPEALS

Notice of Hearing

The Maryland Board of Airport Zoning Appeals (BAZA) will hold a hearing on Tuesday, June 12, 2018. The hearing will begin at 10:00 a.m. in the Richard Trainor Room of the Maryland Department of Transportation located at 7201 Corporate Center Drive, Hanover, Maryland 21076. The Board will hear the following case(s):

Docket Number 410

Northrop Grumman Corporation is proposing to utilize a temporary crane for the replacement of a HVAC Air Handling Unit on a building rooftop at 7323 Aviation Boulevard, Linthicum, Maryland 21090. This location is approximately 2,900 feet west of Runway 15R at Baltimore Washington Thurgood Marshall International Airport (BWI Marshall). The proposed height of the temporary crane is 284 feet above ground level (AGL)/387 feet mean sea level (MSL). The temporary crane height will exceed the Code of Federal Regulations (FAR) Part 77, Objects Affecting Navigable Airspace by 94 feet. The Appellant has filed FAA Form 7460-1, Notice of Proposed Construction or Alteration (ASN# 2018-AEA-5913-OE) with the Federal Aviation Administration and is awaiting their case determination. Code of Maryland Regulations (COMAR) 11.03.06.03 and 11.03.06.04 - Height Limits in Airport Districts, enables the proponent to seek a variance from the Board of Airport Zoning Appeals for any proposed penetration of FAR Part 77. Therefore, the Maryland Aviation Administration will present BAZA Case 410 to the Board of Airport Zoning Appeals Tuesday, June 12, 2018 at 10:00 a.m.
