

## MARYLAND BOARD OF AIRPORT ZONING APPEALS

### Notice of Hearing

The Maryland Board of Airport Zoning Appeals (BAZA) will hold a hearing on Wednesday, June 5, 2019. The hearing will begin at 10:00 a.m. in the Richard Trainor Room of the Maryland Department of Transportation located at 7201 Corporate Center Drive, Hanover, Maryland 21076. The Board will hear the following case(s):

#### **Docket Number 416**

Northrop Grumman Corporation is proposing to utilize a temporary crane to install steel supports and an Air Handling Roof-top Unit on a building roof located at 1212 Winterson Road, Linthicum, Maryland. This location is approximately 7,500 feet north of Runway 15R at Baltimore Washington Thurgood Marshall International Airport (BWI Marshall). The proposed height of the temporary crane is 135 feet above ground level (AGL)/317 feet mean sea level (MSL). The temporary crane height will exceed the Code of Federal Regulations (FAR) Part 77, Objects Affecting Navigable Airspace by 24 feet. The Appellant has filed for a "Determination of No Hazard to Air Navigation" (ASN# 2019-AEA-5032-OE) to the Federal Aviation Administration. Code of Maryland Regulations (COMAR) 11.03.06.03 and 11.03.06.04 - Height Limits in Airport Districts, enables the proponent to seek a variance from the Board of Airport Zoning Appeals for any proposed penetration of FAR Part 77. Therefore, the Maryland Aviation Administration will present BAZA Case 416 to the Board of Airport Zoning Appeals Wednesday, June 5, 2019 at 10:00 a.m.
