INTRODUCTION

This Report highlights the activities of the Transportation Professional Services Selection Board (TPSSB) during Fiscal Year 2015 in conjunction with the selection of consultants for Architectural/Engineering (A/E) projects processed through the TPSSB, for the Maryland Department of Transportation (Department), in conformance with applicable laws, regulations and internal guidelines.

The contents of this report have been organized under the following topical headings:

- Executive Summary
- Minority Business Participation
- Changes in Laws, Regulations, and Internal Guidelines
- TPSSB Membership and Composition
- Consultant Recommendations
- Certification for Consultant Services

Appropriate attachments have also been provided detailing Department Consultant Screening Committees and Negotiating Teams membership; consultant recommendations, including project and proposal data/time involved; projects certified by the Secretary of Transportation (Secretary) in accordance with the TPSSB statute for consultant services for Fiscal Year 2015.

EXECUTIVE SUMMARY

The major facts and conclusions contained in this report are as follows:

1. The TPSSB finalized 97 consultant recommendations in Fiscal Year 2015, compared to 86 in Fiscal Year 2014. The total awards for these 97 recommendations amounted to approximately \$648.7 Million, compared to \$464.5 Million in Fiscal Year 2014.
2. Of the total 97 recommendations, all were at least \$1 Million and were based upon an evaluation of technical proposals and negotiated prices.
3. The total time required to finalize recommendations on a negotiated basis averaged 35.5 months, with 35 months consumed by Transportation Agencies and 0.5 months by the TPSSB. (These averages exclude major delays attributable to non-selection related matters). This is a decrease of 2 months as compared to Fiscal Year 2014 in time consumed by Transportation Agencies and a decrease of 1.2 months for the time required by the TPSSB. The increase in the time required to make A&E contract awards can primarily be attributed to delays at SHA in reviewing all active A&E procurements as a result of a Special Legislative Audit and a Regular Audit that occurred in June of 2011 and November of 2011, respectively. SHA has completed these reviews and implemented corrective action for all A&E procurements underway.

MINORITY BUSINESS PARTICIPATION/DISADVANTAGED BUSINESS PARTICIPATION

Of the 97 projects in Fiscal Year 2015, 169 firms were used as subcontractors, and of those subcontractors, 84 were MBE/DBE firms.

CHANGES IN LAWS, REGULATIONS, & INTERNAL GUIDELINES

In Fiscal Year 2014, there were no changes to COMAR 21.12.01, 21.12.02 or Sections 12-303 or 13-304 of the State Finance and Procurement Article.

TPSSB MEMBERSHIP AND COMPOSITION

During Fiscal Year 2014, the membership and composition of the TPSSB was as follows:

Permanent Members:

- Michelle Nicole Lipkowitz, Chairperson (Public Member)
- Benjamin E. Beavin, Jr., Vice-Chairman (Public Member)
- James Smith, Secretary (or Designee) *(July 2014 – January 2015)*
 - Thomas P. Hickey, Secretary's Designee (Office of the Secretary)
 - Michael Haifley, Alternate Secretary's Designee (Office of the Secretary)
- Pete Rahn, Secretary (or Designee) *(January 2015 – June 2015)*
 - Michael Zimmerman, Secretary's Designee (Office of the Secretary)
 - Michael Haifley, Alternate Secretary's Designee (Office of the Secretary)
- Steven Watson, Governor's Designee (Office of the Finance)

Temporary Members:

The following Temporary Members represented their respective Transportation Agencies at various TPSSB meetings:

State Highway Administration (SHA):	Norie Calvert (Designee) Georgia Peake (Alternate Designee) Cheryl Stambaugh (Alternate Designee)
Maryland Aviation Administration (MAA):	Suzette Moore (Designee) Linda Dangerfield (Designee) Mark Berry (Alternate Designee)
Maryland Transit Administration (MTA):	Anna Lansaw (Designee) Priscilla Jeffers (Designee) Vernon Hartsock (Alternate Designee) Rosilyn McCulley (Alternate Designee)
Maryland Transportation Authority (MDTA):	Donna DiCerbo (Designee) Dave Ferrara (Alternate Designee)

Maryland Port Administration (MPA):

Gary Lockett (Designee)

Motor Vehicle Administration (MVA):

William Ward (Designee)

Anna Lansaw (Alternate Designee)

Joy Abrams (Alternate Designee)

Assistance was rendered to the TPSSB through the following:

Executive Secretaries - The Secretary's Office (TSO)

Trisha O'Neal, Acting *(July 2014 – August 2014)*

Samantha Buchanan *(September 2014 – June 2015)*

Office of General Counsel: (TSO)

Kenneth Hulsey

Office of Consultant Services: (SHA)

Norie Calvert, Director, Office of Procurement and Contracts

Various Consultant Screening Committees and Negotiating Teams of Transportation Agencies:

A list of membership to these Committees/Teams as of July 1, 2014 – June 30, 2015 is provided as Attachment I.

CONSULTANT RECOMMENDATIONS

During Fiscal Year 2015, the TPSSB met 11 times, and processed 97 recommendations on a negotiated basis involving 67 consultant firms as compared to 47 consultant firms in 2014. The total cost of the 97 finalized recommendations amounted to approximately \$643.3 Million.

Detailed information on the 97 finalized recommendations is provided as Attachments II - V. An analysis of the data on these Attachments, and other information available in TPSSB files, reveals the following:

1. Projects by Cost Categories:

Costs for each of the 97 recommendations for which consultants were recommended on a negotiated basis ranged from approximately \$1,000,000 to \$82,000,000.

The following tabulation summarizes these recommendations by cost categories:

Cost Category \$	No. of Recommendations	% by No. of Recommendations
200,001 – 300,000	0	0%
300,001 – 500,000	0	0%
500,001 – 1,000,000	0	0%
1,000,001 – 10,000,000	59	60.8%
10,000,001 – 85,000,000	38	39.2%
TOTAL	97	100%

2. Recommendations by Technical Proposals/Negotiated Prices:

97 recommendations were finalized based on evaluation of technical proposals and negotiated prices.

Negotiating Teams were able to negotiate a satisfactory contract with the top-ranked firms in all instances at a price, which they determined to be fair, competitive and reasonable.

There is a possibility that the TPSSB could consider a Transportation Agency's recommendation of the award of a contract to the second highest ranked firm. In addition, in cases where simultaneous negotiations with two or more firms for the awarding of identical open-end contracts from one reduced candidate list have not been satisfactory, the Transportation Agency may negotiate with, and recommend the award of a contract to a lower ranked firm. Neither of these situations occurred in Fiscal Year 2015.

3. Time Involved in Finalizing Recommendations:

Of the 97 recommendations, which were finalized on a negotiated basis, the total time required for a selection ranged from 4.9 to 67.7 months, depending on the nature and complexity of the project, averaging 35.5 months per selection, excluding major delays attributable to non-selection related matters. This was measured from solicitation of interest from firms, to final approval by the TPSSB. Related actions occurring during this period were as follows:

An average of 35.0 months per selection was consumed by appropriate Transportation Agencies in making specific selection recommendations to the TPSSB. This covered time necessary for public announcements for solicitation of interest from firms, evaluation of candidate firms, any de-briefings of firms not on reduced candidate lists, preparation of requests for technical and price proposals, and evaluation of these proposals and price negotiations in order to make selection recommendations to the TPSSB.

An average of 0.5 months per selection was required for the TPSSB to review and finalize all selection recommendations made by Transportation Agencies, including waiting periods necessary for public announcements for TPSSB meetings, and any debriefings through Transportation Agencies of firms not recommended for selection.

The increase in the time required to make A&E contract awards can primarily be attributed to delays at SHA in reviewing all active A&E procurements as a result of a Special Legislative Audit and a Regular Audit that occurred in June of 2011 and November of 2011, respectively. SHA has completed these reviews and implemented corrective action for all A&E procurements underway.

CERTIFICATION FOR CONSULTANT SERVICES

During Fiscal Year 2015, the TPSSB received and recorded a total of 17 certifications by the Secretary involving A/E services, which at the time of certification could not feasibly or economically be provided through existing in-house resources, and appropriate Transportation Agencies were directed to proceed with the selection of consultants.

Detailed listings of such projects recorded by the TPSSB as certified by the Secretary are provided as Attachment VII.

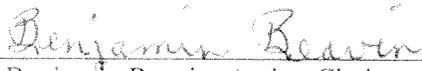

Report of Activities for Fiscal Year 2015 submitted and approved at the TPSSB meeting held on February 3, 2016.

Prepared on behalf of the TPSSB:

Samantha L. Buchanan

Approved:

Benjamin Beavin, Acting Chairperson

Date

Revisions to the Executive Summary, Attachment II and Attachment III were approved at the March 2, 2017 TPSSB meeting.

Project Recorded as Certified and
Deemed Necessary**

**LIST OF A/E PROJECTS CERTIFIED TO THE
TPSSB BY THE SECRETARY OF TRANSPORTATION**

(IN ACCORDANCE WITH TITLE 21 SUBTITLE 12 OF THE STATE PROCUREMENT REGULATIONS)

AGENCY	PROJECT DESCRIPTION (PROJECT NO.)	SCOPE OF SERVICES SOUGHT	JUSTIFICATION FOR SERVICES	ESTIMATED COST (\$000)	CTP YEAR
SHA	BCS 2014-03 (Environmental Site Investigation and Geo-hazard Evaluation, Statewide) 4 contracts	The project is to conduct investigations of surface and subsurface conditions runoff and ground water in all phases of project delivery and in support of SHA operations and construction for our transportation program.	To evaluate and assess the environmental impacts and risks to the agency and provide recommendation for methods of remediation in order to mitigate impacts on existing ROW and determine the value of the properties to be acquired by SHA for construction projects.	\$4,000	FY16
SHA	BCS 2014-12 (Traffic Control Engineering and Design Services, Statewide) 6 contracts	To prepare Traffic Control Devices plan, special provisions, estimates and any information necessary to prepare each project to be ready to advertise for construction or area-wide contract.	Consultant Resources are expending at a faster rate in order to provide support for state revenue increases and OHD projects by providing consultants to compete TCD design, upgrade accessible and countdown pedestrian signals statewide, upgrade LED intersection and roadway lighting, support mega projects such as the Purple Line.	\$36,000	FY17
SHA	BCS 2014-01 (Bridge Condition Inspection Services, Statewide) 10 contracts	Consultant firms will perform condition inspections, evaluations, load ratings, analyses, nondestructive testing and all engineering services necessary to prepare designs, plans, specifications, etc., for repairs to bridges.	Additional services are needed to meet the requirements of the National Bridge Inspection Program as mandated by the Federal Highway Administration in a timely manner.	\$50,000	FY17

LIST OF A/E PROJECTS CERTIFIED TO THE
TPSSB BY THE SECRETARY OF TRANSPORTATION

C.1

1st Qtr. FY 15
Page 2

(IN ACCORDANCE WITH TITLE 21 SUBTITLE 12 OF THE STATE PROCUREMENT REGULATIONS)

SHA	BCS 2014-13 (Construction Management and Inspection Services, District 3, 4 and 5) 15 contracts	This project is for Construction Management and Inspection of all phases of construction and system preservation related operations on various projects.	Construction program necessitates and adequate level of inspectors. Due to the reduction of State inspectors, however, SHA does not have adequate in-house resources.	\$195,000	FY17
SHA	BCS 2014-14 (Construction Management and Inspection Services, District 6 and 7) 10 contracts	This project is for Construction Management and Inspection of all phases of construction and system preservation related operations on various projects.	Construction program necessitates and adequate level of inspectors. Due to the reduction of State inspectors, however, SHA does not have adequate in-house resources.	\$80,000	FY17

LIST OF A/E PROJECTS CERTIFIED TO THE
TPSSB BY THE SECRETARY OF TRANSPORTATION

(IN ACCORDANCE WITH TITLE 21 SUBTITLE 12 OF THE STATE PROCUREMENT REGULATIONS)

Modification:

AGENCY	PROJECT DESCRIPTION (PROJECT NO.)	SCOPE OF SERVICES SOUGHT	JUSTIFICATION FOR SERVICES	ESTIMATED COST (\$000)
SHA	BCS 2012-08 (Construction Inspection Services) – D1 & D2 (6 contracts)	These contracts are required to provide Construction Inspection, Construction Scheduling, Construction Claims Review Analysis, Construction Management, and supplemental staffing support for SHA's Office of Construction and the seven district offices.	The construction program necessitates an adequate level of inspectors. Due to the reduction of State inspectors, however, we do not have adequate in-house resources.	\$10,000 Revised \$20,000 Add'l Revision \$42,000

Cancellation:

AGENCY	PROJECT DESCRIPTION (PROJECT NO.)	SCOPE OF SERVICES SOUGHT	JUSTIFICATION FOR SERVICES	ESTIMATED COST (\$000)
SHA	BCS 2012-20 (Environmental Design and Management, Statewide) 2 contracts	Environmental design tasks which include all engineering necessary as part of our normal project development process and to meet the Total Maximum Daily Load (TMDL) requirements under the Clean Water Act, which limits the amount of certain pollutants that can be discharged into the Chesapeake Bay and its tributaries.	SHA will be developing a Watershed Improvement Plan (WIP) to determine what types of improvements and projects will be undertaken to meet the stated goals of the TMDL. The Transportation Bill contained a provision requiring that a certain amount (totaling an additional \$395M over 5 years) be directed to implementation of the WIP. Cancelled in order to submit a new request to include required services.	\$6,000 Revised \$12,000

**LIST OF A/E PROJECTS CERTIFIED TO THE
TPSSB BY THE SECRETARY OF TRANSPORTATION**

(IN ACCORDANCE WITH TITLE 21 SUBTITLE 12 OF THE STATE PROCUREMENT REGULATIONS)

AGENCY	PROJECT DESCRIPTION (PROJECT NO.)	SCOPE OF SERVICES SOUGHT	JUSTIFICATION FOR SERVICES	ESTIMATED COST (\$000)	CTP YEAR
MAA	Construction Management and Inspection Services	Professional CMI Services to support the MAA's capital development projects on an on-call, on-site as needed basis. The Scope of Services begins with constructability reviews during design phase; and ends with contract closeout and delivery of as-built plans and submittal of final report.	MAA would not be able to maintain/retain CM staff with experience at the airports. The alternative to retaining CM staff in between projects is costly and not feasible. Aside from staffing problems, there are other fixed cost implications such as CM office, vehicle, and communication equipment rental costs that would have to be absorbed by MAA regardless of the level of activity by the CMI firms.	\$40,000	FY16

**LIST OF A/E PROJECTS CERTIFIED TO THE
TPSSB BY THE SECRETARY OF TRANSPORTATION**

(IN ACCORDANCE WITH TITLE 21 SUBTITLE 12 OF THE STATE PROCUREMENT REGULATIONS)

AGENCY	PROJECT DESCRIPTION (PROJECT NO.)	SCOPE OF SERVICES SOUGHT	JUSTIFICATION FOR SERVICES	ESTIMATED COST (\$000)	CTP YEAR
MTA	On-Call Fare Collection and Associated Systems and Equipment Engineering Services 2 contracts	The consultant will provide services of fare collection systems and will support the MTA by providing engineering and technical services necessary to perform tasks related to MTA's fare collection and associated systems and equipment.	Fare collection technology is rapidly advancing and many agencies are moving towards state of the art open fare payment systems which will require MTA to update or replace its existing AFCS. In addition, MTA is planning the Red and Purple lines and will need to procure Fare Collection Systems for them.	\$5,000	FY17
SHA	Structural Remedial Engineering, Inventory and Design of Traffic Control Device Structures, Statewide (BCS 2014-17) 2 contracts	These contracts will support structural team within the Traffic Engineering Design Division with remedial engineering, design, and inventory of traffic control device structures and prepare plans, special provisions and estimates and any information necessary to prepare each project for advertisement.	Having hands on assessment of these structures is a necessity. There is a need for consultants to assist the in-house structural team's workload to perform remedial engineering and inventory all existing and new traffic control device structures, evaluate and repair/replace damaged structures, and UT testing of all anchor bolts.	\$13,000	FY16
SHA	Cultural Resources Services, Statewide (BCS 2014-20) 4 contracts	The consultants will provide comprehensive cultural resources services statewide in support of SHA's Environmental Planning Division, Cultural Resources section, which serves as the technical support section for SHA in meeting the requirements of preservation and environmental laws and regulations.	SHA is looking to supplement limited staff to provide services for these specific projects during periods of peak workload to avoid delays in scheduling and project production.	\$8,000	FY16
SHA	Highway Structures Engineering Services for State & Local Governments, Statewide (BCS 2014-21) 10 contracts	Development and review of designs, details and contracts for highway structure and other transportation projects and programs for the State and Local Governments.	Due to the projected increase in the magnitude of State and Local Governments projects involving the above described scope of services and the desire to complete projects in a timely fashion.	\$40,000	FY17

LIST OF A/E PROJECTS CERTIFIED TO THE
TPSSB BY THE SECRETARY OF TRANSPORTATION

(IN ACCORDANCE WITH TITLE 21 SUBTITLE 12 OF THE STATE PROCUREMENT REGULATIONS)

SHA	Intelligent Transportation Systems Charts (ITS), Statewide (BCS 2015-01, previously approved as BCS 2012-04) 4 contracts	To provide Architectural and Engineering (A&E) services in support of the SHA, Transportation system Management & Operations and Intelligent Transportation systems program known as CHART.	The A & E services is needed in order to continue to perform the highly technical tasks, project planning/development activities and other various program support activities needed to continue to advance Maryland's premier TSMO and ITS Program.	\$10,000	FY17
SHA	Pavement and Geotechnical/Engineering and Design Services, Statewide (BCS 2015-02, previously approved as BCS 2012-21) 3 contracts	Contracts are to provide pavement design and analysis, geotechnical design and investigation, and material testing for all SHA design and construction projects.	This is a very specialized area of engineering and is critical to the delivery of all major projects and system preservation projects. In order to meet the expected increase in demand for these services as a result of Transportation Infrastructure Investment Act of 2013, this increase in contract authority is needed.	\$10,500	FY16

**LIST OF A/E PROJECTS CERTIFIED TO THE
TPSSB BY THE SECRETARY OF TRANSPORTATION**

(IN ACCORDANCE WITH TITLE 21 SUBTITLE 12 OF THE STATE PROCUREMENT REGULATIONS)

AGENCY	PROJECT DESCRIPTION (PROJECT NO.)	SCOPE OF SERVICES SOUGHT	JUSTIFICATION FOR SERVICES	ESTIMATED COST (\$000)	CTP YEAR
MTA	On-Call Structural Engineering Services 6 contracts	These services will provide various services for project planning, preliminary engineering and final design, right-of-way and construction phases.	A sizable portion of this work is in response to emergency or other engineering work with limited times to complete. With limited in-house staff the Division can not feasibly perform all the work in-house; therefore, MTA must supplement their staff in order to deliver the new projects to our Modes in a timely manner.	\$36,000	FY16
MAA	Comprehensive Professional Services for Environmental Planning 3 contracts	The consultant shall assist MAA in developing environmental strategies in coordination with FAA and other agencies as it relates to potential major airport developments.	The required services cannot be provided by in-house staff.	\$10,000	FY16
MPA	Miscellaneous Engineering Services Multiple contracts	The consultant will furnish all necessary labor, supervision, materials, and equipment to provide MPA with professional engineering services which will be requested and performed on an as-needed basis.	The MPA does not have in-house capability to provide all of the engineering services required to fully support its Capital Construction Program.	\$24,000	FY16
