- Continue to be necessary for public interest;
- Continue to be supported by statutory authority and judicial opinions;
- Are obsolete or otherwise appropriate for amendment or repeal;
- Continue to be effective in accomplishing the intended purposes of the regulations

MDOT would like to provide interested parties with an opportunity to participate in the review and evaluation process by submitting comments on the regulations. The comments may address any concerns about the regulations. If the comments include suggested changes to the regulations, please be as specific as possible and provide language for the suggested changes. Comments must be received by April 23, 2024
