**MARYLAND HEALTHY WORKING FAMILIES ACT  
EMPLOYEE NOTICE  
(Contractual and Temporary Employees)**

The Maryland Healthy Working Families Act went into effect on February 11, 2018 and requires employers with 15 or more employees to provide paid leave for sick and safe purposes to certain employees.

The Maryland Department of Transportation (MDOT) has opted to allot such leave to affected employees. Per the law, an employee is not entitled to more than 40 hours of leave for sick and safe purposes in a calendar year.

**Eligibility**

Employees whose primary work location is in Maryland are entitled to leave for sick and safe purposes unless they are exempt from coverage under the law. The exemption includes:

- Employees who regularly work less than 12 hours a week;
- Certain independent contractors;
- Certain associate real estate brokers and real estate salespersons;
- Individuals who are younger than 18 years of age before the beginning of the year;
- Individuals employed in the agricultural sector in certain agricultural operations as defined in Section 5-403 of the Courts and Judicial Proceedings Article of the Maryland Annotated Code;
- Certain construction workers covered by a collective bargaining agreement;
- Certain employees working on an as-needed basis in a health or human service industry; and,
- Certain employees of a temporary services agency.

**Leave Allotment and Usage**

Eligible contractual and temporary employees (those working 12 hours or more a week) will be allotted 40 hours of paid leave per calendar year, pro-rated depending on hire date.

An employee can use the paid leave for sick and safe purposes under the following conditions:

- To care for or treat the employee's mental or physical illness, injury, or condition;
- To obtain preventative medical care for the employee or the employee's family member;
- To care for a family member with a mental or physical illness, injury, or condition;
- For maternity or paternity leave; or
- The absence from work is necessary due to domestic violence, sexual assault, or stalking committed against the employee or the employee's family member and the leave is being used: (1) to obtain medical or mental health attention; (2) to obtain services from a victim services organization; (3) for legal services or proceedings; or (4) because the employee has temporarily relocated as a result of the domestic violence, sexual assault, or stalking.

A family member includes a spouse, child, parent, legal guardian, grandparent, grandchild, or sibling.

Employees may use leave in 6-minute increments, as currently permitted through MDOT's timekeeping system. Employees using leave for sick and safe purposes are to code timesheets as "LT" (Paid Leave) and use the remark code "Z" to denote usage of leave for sick and safe purposes.

---

Employees are required to give notice of the need to use leave for sick and safe purposes when it is foreseeable. If the need to use leave is not foreseeable, then the employee must provide notice as soon as practicable. The leave request may be denied if the employee fails to provide notice and the employee's absence will cause a disruption to the workplace.

Unused leave is forfeited at the end of each calendar year and upon separation of employment with MDOT.

If an employee is reinstated by MDOT within 37 weeks of being separated from employment, the employee is entitled to have any unused paid leave for sick and safe purposes reinstated.

### **Reporting**

Employers are required to provide employees with a written statement of the employee's available leave balance that can be used for sick and safe purposes. Employees can find their leave balances on MDOT's timekeeping system.

### **Prohibitions**

Maryland law prohibits MDOT from taking adverse action against an employee who exercises a right under the Maryland Healthy Working Families Act and prohibits an employee from making a complaint, bringing an action, or testifying in an action in bad faith.

### **How to File a Complaint or Obtain Additional Information**
