Dear Mr. Murrill and Ms. Crews:

The Maryland Department of Transportation (MDOT) hereby modifies the Fiscal Year (FY) 2019-2022 Maryland Statewide Transportation Improvement Program (STIP) to reflect funding changes for a Maryland Department of Transportation State Highway Administration (MDOT SHA) project that is contained in the FY 2020-2023 Baltimore Regional Transportation Board (BRTB) Transportation Improvement Program (TIP). The BRTB Executive Committee approved the modification to its TIP on July 10, 2020.

MDOT has assigned Control #19-68 for this modification to the STIP. The approvals and supporting documentation are attached.

Description: This project replaces bridge no. 0317400 on Putty Hill Avenue over I-695. The new bridge will maintain two 12-foot lanes and include 6-foot bicycle compatible shoulders with 5-foot-8-inch sidewalks on both sides of the bridge. The engineering and right-of-way phases for this project were originally funded as part of the Area-wide Bridge Replacement and Rehabilitation project (60-9310-13).

Justification: The existing bridge, built in 1961, is rated in poor condition. Construction funding has increased to accommodate the replacement of significant utility lines which span the existing structure.

Dear Ms. Murphy:

Enclosed is one Administrative Modification to the *2020 – 2023 Baltimore Region Transportation Improvement Program (TIP)* as approved by the BRTB Executive Committee on July 10, 2020. The documentation enclosed supports changes to the *2020 – 2023 TIP* for one MDOT State Highway Administration (MDOT SHA) project:

- **I-695: Bridge Replacement on Putty Hill Avenue (63-2002-13)**

This minor change is within the framework for an Administrative Modification and does not affect conformity. MDOT SHA has affirmed that fiscal constraint for their program of projects remains intact.

Pursuant to the prescribed Transportation Improvement Program MOU signed in 2014, the BRTB Executive Committee approved this change to the *2020 – 2023 TIP*.

If you have any questions, please feel free to call me.

Sincerely,

Description:

This project replaces bridge no. 0317400 on Putty Hill Avenue over I-695. The new bridge will maintain two 12' lanes and include 6' bicycle-compatible shoulders with 5'8" sidewalks on both sides of the bridge.

The engineering and right-of-way phases for this project were originally funded as part of the Areawide Bridge Replacement and Rehabilitation project (60-9310-13).

Justification:

The existing bridge, built in 1961, is rated in poor condition.

Administrative Modification: This administrative modification increases funding for the construction phase in fiscal years 2020 through 2022 to accommodate additional utility work required for the project. Funding in the TIP increases by a total of \$2.26 million (\$1.808 million federal NHPP/\$452,000 matching). Total funding in the TIP increases from \$10.728 million to \$12.988 million.

Connection to Long-Range Transportation Planning Goals:

- 1.C Improve System Safety -- Eliminate hazardous or substandard conditions.
- 2.A Improve and Maintain the Existing Infrastructure -- Improve the condition of roadway systems (pavement, bridges, tunnels).
- 2.F Improve and Maintain the Existing Infrastructure -- Improve the condition of pedestrian and bicycle facilities.

Dear Mr. Lang:

The Maryland Department of Transportation (MDOT) requests the following administrative modification to the FY 2020-2023 Transportation Improvement Program (TIP) on behalf of the MDOT State Highway Administration (MDOT SHA).

This administrative modification reflects an increase to federal funding for the I-695: Bridge Replacement on Putty Hill Avenue project (TIP ID #63-2002-13) in FY 2020, 2021 and 2022. An increase in federal funding for construction is needed for the replacement of the I-695 Bridge on Putty Hill Avenue. This bridge was constructed in 1961. It is poorly rated and needs to be replaced at this time.

Details of this modification can be found on the attached request memorandum. If you have questions or need additional information, please contact Dan Janousek, Office of Planning and Capital Programming (OPCP) Regional Planner at 410-865-1098, or via email at djanousek@mdot.maryland.gov for assistance

SUBJECT: ADMINISTRATIVE MODIFICATION TO FY 2020-2023 BALTIMORE
REGIONAL TRANSPORTATION BOARD (BRTB) TRANSPORTATION
IMPROVEMENT PROGRAM (TIP) FOR I-695: BRIDGE REPLACEMENT
OVER PUTTY HILL AVENUE

DATE: JUNE 19, 2020

RESPONSE
REQUESTED BY: N/A

The MDOT State Highway Administration (MDOT SHA) is requesting an administrative modification to the Baltimore Regional Transportation Board (BRTB) FY 2020-2023 Transportation Improvement Program (TIP) to increase funding for TIP# 63-2002-13, *I-695: Bridge Replacement on Putty Hill Avenue*.

The current cost of the I-695: Bridge Replacement on Putty Hill Avenue project has increased by \$2.26 million. This increase in the construction cost is due to the complicated replacement of utilities which span the existing structure. The total cost of this project is now \$13.4 million. The utility replacement work is anticipated to begin in the Summer of 2020. Most of the design and right-of-way funding for this TIP project was included in the Areawide Bridge Replacement and Rehabilitation project (TIP #60-9310-13). This project will replace a poor rated bridge built in 1961.

The attached Statewide TIP (STIP) report documents MDOT SHA's funding flow modifications for this bridge replacement project. This action does not impact scheduling or funding availability for other projects in the current STIP, which remains fiscally constrained. The modified funding does not affect the portion of federal funding programmed for transit or allocations of state aid to local jurisdictions in lieu of federal aid. The TIP continues to be fiscally constrained. The cost does not affect the portion of the federal funding, which was programmed for transit, or any allocations of state aid in lieu of federal aid to local jurisdictions.

In addition, the Maryland Transportation Trust Fund (TTF) remains fiscally constrained. The TTF supports State transportation system operation and maintenance, MDOT administration, debt service, and capital projects. Semiannually, MDOT updates revenues and expenditures using two national forecasting companies' latest economic estimates. The MDOT published funding details in the FY 2020-2025

Please modify the FY 2020-2023 BRTB TIP and FY 2019-2022 Maryland STIP to reflect the funding information provided in the attachments. If you have any questions, please contact Ms. Lisa Sirota, MDOT SHA Regional Planner, at 410-545-5550 or via email at lsirota@mdot.maryland.gov.
