Dear Ms. Remezova and Ms. Crews:

The Maryland Department of Transportation (MDOT) hereby modifies the Fiscal Year (FY) 2022-2025 Maryland Statewide Transportation Improvement Program (STIP) to reflect changes to one existing project in the FY 2023-2026 National Capital Region Transportation Planning Board (TPB) Transportation Improvement Program (TIP) on behalf of the Prince George's County Department of Public Works and Transportation (DPW&T).

This action reflects the updated programmed expenditures from FY 2022 to FY 2025 for the DPW&T project listed below. This modification has been assigned MDOT Control #22-139, and this project is already included in the Air Quality Conformity Determination for Visualize 2045.

Project Name	STIP #	TIP #	Funding Source	FY22-FY25 Net Federal Change (in 000's)
Brandywine Road Bridge Replacement	5400	5400	HBRRP, Local	(\$1,366)

Good Afternoon Mr. Beckert,

This is to acknowledge the receipt and processing of Prince George's County DPW&T request for administrative modification to the project listed below in the National Capital Region Transportation Planning Board's (TPB) FY 2023-2026 Transportation Improvement Program (TIP). Approved under TIP Action 23-42, the TPB's modified FY 2023-2026 TIP now reflects updated descriptive and funding information, as described in the attached materials for the projects and programs requested in the original e-mail.

In consultation with PG DPW&T, TPB staff find that the increases in 4-year program totals or total project costs are below the maximum allowable thresholds allowed for administrative modifications according to the TPB's "Procedures for Revisions to the Constrained Long Range Plan and Transportation Improvement Program for the National Capital Region," adopted by the TPB on January 16, 2008 and amended by the TPB Steering Committee on September 6, 2019 (referenced in the attached materials).

The attached materials include:

- A. an Overview Report showing how the project now appears in the TIP;
- B. an Amendment Summary Report showing the before and after amounts of the total project cost or 4-year program total, the difference between them, and the percent increase from the previously approved amount, the reasons for the modification, and a Change Summary narrative providing line-item descriptions of changes to every programmed amount by fund source, fiscal year, and project phase; and
- C. an excerpt of pages from Appendix B of the FY 2023-2026 TIP, providing the definitions for amendments and administrative modifications.

This administrative modification is approved and effective as of June 6, 2024. Please keep TPB staff apprised whenever your agency makes any requests to formally amend your STIP.

Should you have any questions on the matter please contact Andrew Austin (aaustin@mwkog.org) or Leo Pineda (lpineda@mwkog.org)

Sincerely,

Kanti Srikanth

ADMINISTRATIVE MODIFICATION SUBMITTED

PROJECT T5400 in 23-42 - ADMINISTRATIVE 2023 has been SUBMITTED by

ETBECKERT@CO.PG.MD.US

Hello Andrew and Leo,

THIS IS AN URGENT REQUEST!

We have submitted an administrative modification for the referenced project. We are ready to advertise this for construction. MDOT SHA wanted to confirm that the TIP was updated to reflect the latest costs and timeframe for cost expenditures. We have done so. The cost is not changing more than 30% and the project falls within the \$3 Million to \$10 Million project range.

Please confirm via email that this administrative modification has been approved so that we can advise MDOT SHA's Office of Structures and Federal Aid Section so that we are permitted to advertise this project for construction.

Thank you and please let me know if you need anything at all relative to this.

Thanks!

Erv
