Re: Amendment to the FY 2022-2025 Maryland Statewide Transportation Improvement Program, MDOT Control #22-152

Dear Mr. Anderson:

The Maryland Department of Transportation (MDOT) requested approval of an Amendment to the FY 2022-2025 Statewide Transportation Improvement Program (STIP) (Control #22-152 dated August 1, 2024). This Amendment makes changes to one existing Maryland Transit Administration (MTA) project, as detailed in the following table.

Project	STIP #	Amendment Action	Federal Funding Source	Net Federal Funding Change
MARC Facilities	11584	Increase capital funds;	5337	\$1,157,000
		Shift capital funds from previous TIP years to FY 2024 and FY 2025 reflect the anticipated year of obligation;	5307 TA	\$0

These project changes were approved by the Transportation Planning Board (TPB) with inclusion into its FY2023-2026 Transportation Improvement Program (TIP) on July 3, 2024.

Per agreement, a joint Federal Transit Administration (FTA)/Federal Highway Administration (FHWA) approval of this STIP Amendment is not required. The \$1,157,000 increase is in 5337 funds administered by the FTA. The changes in years of obligation for 5307 and Transportation Alternatives (TA) funds constitute administrative modifications, and do not require federal approval.

Based on our review of the information provided, the FTA hereby approves this Amendment to the STIP and finds it consistent with the requirements of 23 U.S.C. 135 and 49 U.S.C. 5304. This approval does not constitute an obligation of Federal funds. FTA finalizes Federal funding for projects included in the STIP upon approval of a grant application.

Sincerely,

Laura Keeley, Planning and Program Development Director
