### Agency Project ID

Description The College Park MARC Station 30% Design and NEPA Project (The Project) proposes completion of preliminary (30%) design plans and NEPA documentation for a fully accessible College Park Station on the MARC systems Camden Line. When built, the College Park MARC Station will become an ADA accessible multimodal hub. Resulting improvements will allow users of all abilities to easily board and depart MARC trains from new 600-foot, low-level platforms on the northbound and southbound sides, and will also add safety protections in and around the station that will directly meet the needs of passengers with disabilities. Subsequent phasing will be determined after the completion of preliminary design.

The Honorable Christina Henderson Chair National Capital Region Transportation Planning Board Metropolitan Washington Council of Governments 777 North Capitol Street, NE, Suite 300 Washington DC 20002

Dear Chair Henderson:

The Maryland Department of Transportation (MDOT) requests the following amendment to the Maryland portion of the National Capital Region Transportation Planning Board's (TPB) Fiscal Year (FY) 2023-2026 Transportation Improvement Program (TIP) for one new and one existing project in the FY 2023-2026 TPB TIP on behalf of the Maryland Transit Administration (MTA) and the State Highway Administration as described below and in the attached memo.

This action reflects MTA's addition of the MARC College Park Accessible Station project and SHA's updated programmed expenditure and project schedule from FY 2023 to FY 2026 for the MD 77 Beaver Branch Bridge Replacement project which will add new funding and shift the existing allocations to later years to reflect the anticipated year of obligation. These projects are either already included in or do not affect the Air Quality Conformity Determination of Visualize 2045.

TIP ID	Project	Amount of New Funding (In 000s)	Comment
13634	MARC College Park Accessible Station	\$1,745	Adds new project and associated ASAP and State preliminary engineering funds.
6648	MD 77 Beaver Branch Bridge Replacement	(\$2,062)	Adds railroad/utility, preliminary engineering, and right-of-way funds and shifts construction funds to later years.

MDOT requests that this amendment be approved at the upcoming TPB Steering Committee meeting.

The Honorable Christina Henderson Page Two

The revised funding status will not impact scheduling or funding availability for other projects in the current TIP, which continues to be fiscally constrained. The cost does not affect the portion of the federal funding which was programmed for transit, or any allocations of state aid in lieu of federal aid to local jurisdictions.

We appreciate your cooperation in this matter. Should you have additional questions or concerns, please contact me at 410-865-1305, toll free 888-713-1414 or via e-mail at ksnyder3@mdot.maryland.gov. I will be happy to assist you.

To request OPPPD request TPB to approve the following TIP amendment and, upon TPB approval, notify the Federal Transit Administration (FTA) of the amendment to the TPB FY 2023-FY 2026 TIP. # SUMMARY

The MTA requests that the TPB amend the FY 2023-2026 TPB TIP to reflect the following action.

# ANALYSIS

The MARC College Park Accessible Station is a new project, which MTA is requesting to add to the FY 2023-FY 2026 TIP. This project will use ASAP Grant funding to begin design activities up to preliminary design (30% design). The project will develop improvements that will allow users of all abilities to easily board and depart MARC trains from new 600-foot, low-level platforms and will also add safety protections in and around the station that will directly meet the needs of passengers with disabilities. This amendment will add \$1,745,330 in combined ASAP and State funding to FY 2025 in the FY 2023-FY 2026 TPB TIP.

The attached Statewide Transportation Improvement Program (STIP) report documents MDOT's requested amendment with respect to funding for the project above. The requested action will not impact scheduling or funding availability for other projects in the current STIP, which continues to be fiscally constrained.

Please modify the FY 2023-2026 TPB TIP and the FY 2022-2025 STIP to reflect the funding information provided in the attachments. If you have any questions, please do not hesitate to contact Ms. Iftin Thompson, MTA Office of Statewide Planning (OSP), 202-480-7789 or via email at IThompson1@mdot.maryland.gov.
