Dear Ms. Remezova and Ms. Crews:

The Maryland Department of Transportation (MDOT) requests to amend the Fiscal Year (FY) 2025-2028 Maryland Statewide Transportation Improvement Program (STIP) to add one new project to the STIP on behalf of the Maryland Clean Energy Center (MCEC).

This action reflects the addition of Maryland Equitable Charging Infrastructure Partnership (MECIP) – Rural Sites project to the STIP, and updates the programmed expenditures from FY 2025 to FY 2028 to include MCEC’s U.S. Department of Transportation’s Charging and Fueling Infrastructure (CFI) Discretionary Grant award.

Project Name	STIP #	Funding Source	FY25-FY28 Net Federal Change (in 000’s)
Maryland Equitable Charging Infrastructure Partnership (MECIP) – Rural Sites	MC 25-14	CFI, Local	\$731

The MDOT has assigned Control #25-14 for this amendment to the STIP, and the supporting documentation is attached.

Dear Ms. Snyder:

Please accept this letter as an official request to the Maryland Department of Transportation to present an amendment to the FY 2025-2028 Statewide Transportation Improvement Program (STIP) on behalf of the Maryland Clean Energy Center (MCEC).

MCEC was awarded a grant from the U.S. Department of Transportation, Federal Highway Administration's (FHWA) Charging and Fueling Infrastructure Discretionary Grant Opportunity (CFI). The project is entitled Maryland Equitable Charging Infrastructure Partnership (MECIP) and will install 58 sites in communities across the State of Maryland.

This project will provide density to the existing Alternative Fuel Corridors and gives rural, and urban areas access to EV Charging technology.

There will be 2 sites in rural areas of the state (Dorchester and Garrett Counties) which will invest \$731,060 of federal funds with a local match of \$182,765 in these areas to complete this project. The overall project cost is \$913,825.

Additional information about this program is available at

Thank you for your consideration.
