**BALTIMORE  
METROPOLITAN  
COUNCIL**

December 17, 2025

Mr. Geoff Anderson, Chief  
Office of Planning, Programming, and Delivery  
**Attn: Mr. Dan Janousek**  
Maryland Department of Transportation  
7201 Corporate Center Drive  
Hanover, MD 21076-1415

Dear Mr. Anderson:

Enclosed are two amendments to the 2026-2029 *Baltimore Region Transportation Improvement Program (TIP)* as approved by the Baltimore Regional Transportation Board (BRTB) on December 16, 2025. The documentation enclosed support changes to the 2026-2029 *TIP* for two MDOT SHA projects.

- **MD 214: MD 468 to Camp Letts Road: 61-2204-41**
- **South Entrance Trail: 66-2602-03**

These amendments were presented to the Technical Committee on December 2, 2025. The Interagency Consultation Group (ICG) has also reviewed this request and has determined that the South Entrance project is exempt according to the conformity rule and the MD 214, although not exempt, is included in the Long Range Transportation Plan and therefore does not need to be modeled for this amendment.

MDOT SHA has affirmed that fiscal constraint for their program of projects remains intact and have made a commitment to the match required.

Pursuant to the prescribed TIP amendment process MOU signed in 2014, the BRTB approved Resolution #26-15 to support this change to the 2026-2029 *TIP*.

If you have any questions, please feel free to call me.

Sincerely,

Dear Mr. Lang:

The Maryland Department of Transportation (MDOT) requests an amendment to the FY 2026-2029 Baltimore Regional Transportation Board (BRTB) Transportation Improvement Program (TIP) for a Maryland State Highway Administration (SHA) project.

61-2304-41	MD 214: MD 468 to Camp Letts Road	This amendment will add this project back into the TIP (last included in FY 2024-2027 for ENG only) with \$1.8M in design funding, \$3.45M in right-of-way funding, and \$1.6M in utilities funding. The total project cost has increased to \$22.85M since 2024 estimates. The project is needed to improve roadway safety for vulnerable road users by installing bicycle and pedestrian improvements, new travel lanes in each direction, and a shared-use path on MD 214.

### PURPOSE OF MEMORANDUM

To request the MDOT OPPPD request BRTB to approve the following TIP amendment and, upon BRTB approval, notify the Federal Highway Administration - Maryland Division of the modification to the BRTB FY 2026-2029 TIP.

### SUMMARY

The Maryland State Highway Administration (SHA) hereby requests BRTB amend the FY 2026-2029 BRTB TIP to reflect the following action.

TIP	PROJECT	PHASE	NEW FUNDING
61-2304-41	MD 214: MD 468 to Camp Letts Road	PE ROW UT	\$1,816,000 \$3,450,000 \$1,637,000

### ANALYSIS

*MD 214: MD 468 to Camp Letts Road (BRTB 61-2304-41)* – This requested amendment will add this project back into the TIP (last included in FY 2024-2027) with \$1,816,000 in design funding, \$3,450,000 in right-of-way funding, and \$1,637,000 in utilities funding in the FY 2026-2029 BRTB TIP. The project is needed to improve roadway safety for vulnerable road users by installing bicycle and pedestrian improvements, additional travel lanes in each direction, and a shared-use path along MD 214. Sidewalk

will be determined during the design phase. Design efforts (which are fully locally funded by the County) are anticipated to be completed in Winter 2028/2029. Right-of-way acquisition is anticipated to begin in Summer 2026 and be completed in Winter 2027/2028. Utility work is anticipated to begin in Summer 2027 and be completed in Winter 2032/2033. Construction is estimated to cost \$11,499,000 and will be programmed into the TIP at a later time. The total cost of the project is estimated to be \$22,849,000.

The attached Statewide TIP (STIP) report documents MDOT's requested amendment with respect to funding for the project above. This requested action will not impact scheduling or funding availability for other projects in the current STIP, which remains fiscally constrained. The amended funding does not affect the portion of federal funding programmed for transit or allocations of state aid to local jurisdictions in lieu of federal aid.

In addition, the Maryland Transportation Trust Fund (TTF) remains fiscally constrained. The TTF supports State transportation system operation and maintenance, MDOT administration, debt service, and capital projects. Semiannually, MDOT updates revenues and expenditures using two national forecasting companies' latest economic estimates. The MDOT published funding details in the draft FY 2026-2031 Consolidated Transportation Program and FY 2026-2029 Maryland STIP.

Please amend the FY 2026-2029 BRTB TIP and FY 2025-2028 Maryland STIP to reflect the funding information provided in the attachments. If you have any questions, please contact SHA RPD Transportation Planner, Joseph Lombardo, Ph.D., at [jlombardo.consultant@mdot.maryland.gov](mailto:jlombardo.consultant@mdot.maryland.gov).

The attached Statewide TIP (STIP) report documents MDOT's requested amendment with respect to funding for the areawide project above. This requested action will not impact scheduling or funding availability for other projects in the current STIP, which remains fiscally constrained. The amended funding does not affect the portion of federal funding programmed for transit or allocations of state aid to local jurisdictions in lieu of federal aid.

In addition, the Maryland Transportation Trust Fund (TTF) remains fiscally constrained. The TTF supports State transportation system operation and maintenance, MDOT administration, debt service, and capital projects. Semiannually, MDOT updates revenues and expenditures using two national forecasting companies' latest economic estimates. The MDOT published funding details in the FY 2026-2031 Consolidated Transportation Program and FY 2025-2028 Maryland STIP.

Please modify the FY 2026-2029 BRTB TIP and FY 2025-2028 Maryland STIP to reflect the funding information provided in the attachments.
