Dear Mr. Anderson:

Enclosed is one amendment to the 2026-2029 *Baltimore Region Transportation Improvement Program (TIP)* as approved by the Baltimore Regional Transportation Board (BRTB) on December 16, 2025. The documentation enclosed support changes to the 2026-2029 *TIP* for one new Baltimore County project.

- **Carroll Road Bridge B-0017 over Carroll Branch: 13-2601-13**

This amendment was presented to the Technical Committee on December 2, 2025. The Interagency Consultation Group (ICG) has also reviewed this request and has determined this project to be not exempt but does not need to be modeled because only the bridge is being widened to match the bridge approaches, which are not changing. Therefore, no capacity improvements are being made.

Baltimore County has affirmed that fiscal constraint for their program of projects remains intact and have made a commitment to the match required.

Pursuant to the prescribed TIP amendment process MOU signed in 2014, the BRTB approved Resolution #26-14 to support this change to the 2026-2029 *TIP*.

If you have any questions, please feel free to call me.

Sincerely,

Request for Amendment to FY2026-FY2029 TIP for B-0017

Baltimore County DPWT is requesting an Amendment to the Transportation Improvement Program. The amendment is requested to create a new project for the replacement of the Carroll Road bridge B-0017 over Carroll Branch. This new project is being requested for engineering, construction, and right-of-way funds. This will affect funding years FY 2026 through FY 2029.

The amendment is being sought due to the collapse of the structure following damage by a falling tree on October 21, 2025. The collapse of the structure has necessitated an eight mile detour for local residents, local businesses and commuters through the area. The Average Daily Traffic (ADT) recorded for this roadway is 2,564 in 2024 according to MDOT SHA. DPWT is applying for Highway Infrastructure Program (HIP) funds to cover 100% of the cost of this project through MDOT SHA Office of Structures. Engineering funding is requested in the amount of \$750,000 in FY 2026. Right-of-Way funding is requested in the amount of \$25,000 in FY 2028. Construction funding is requested in the amount of \$3,900,000 in FY 2029. The Estimated Total Cost for this project is \$4,675,000.

The proposed amendment will not impact scheduling or funding availability for other projects in the current TIP, which continues to be fiscally constrained.

Please address any questions or comments to Nicholas Smith, P.E., Structural Design Section Chief, at nsmith2@baltimorecountymd.gov or (410) 887-8484.
