**STANDARD CONDITIONS, RESERVATIONS AND COVENANTS GOVERNING THE SALE OF REAL PROPERTY:**

The attention of all prospective buyers is called to the fact that each and every Offer for Purchase of Fee Simple Property submitted to the State Highway Administration (SHA) and sale of Real Property by SHA shall be subject to each and every condition hereinafter set forth, in addition to any "Special Stipulations" as set out in the Offer for Purchase of Fee Simple Property or other documents which apply to the specific property or properties. **It is therefore of the utmost importance that all buyers carefully review** these "Standard Conditions, Reservations and Covenants Governing the Sale of Real Property" as well as the "Additional Conditions and Disclosure Information" and other documents governing the sale before submitting any offer or executing a right to reacquire property under the provisions of Section 8-309 of the Transportation Article of the Annotated Code of Maryland (§8-309).

1. Except as otherwise provided in § 8-309 or other governing law, the SHA reserves the right to reject any and all offers to purchase or acquire any property offered for sale by the SHA and it reserves the right thereafter to sell any or all of said premises at public or private sale in whatever manner the SHA may determine, without any further obligation or liability to the buyer.
2. Under the provisions of §8-309:
  - a. If the parcel is sold at Public Auction it is only necessary for the MDOT SHA Administrator to execute and deliver the deed conveying the land to the buyer.
  - b. Except for parcels sold at Public Auction, the deed conveying this property must be executed by the SHA Administrator and the Board of Public Works (BPW); therefore, no offer of this type is accepted and no sale of this type is final until the BPW has approved it. Additionally, no sale of this type is final until delivery of the executed deed.
3. The special SHA plat or plats (if any) prepared for the property now being considered show only the approximate boundaries of said property. Said boundary lines were not established by actual survey and, therefore, any additional surveys that the buyer may elect to have made to further satisfy himself or herself as to the exact boundary lines of said property shall be performed at the sole expense of the said buyer.
1. Any title examinations that the buyer may desire to make shall be made at the sole expense of said buyer.
2. The buyer shall assume the cost of all recording fees and charges and State and Federal Revenue Tax charges and other similar expenses, which may be required in order to record any deed or deeds to the property being offered for sale. If the Deed is not recorded within 30 days after the date of settlement MDOT reserves the right to pursue all remedies including, but not limited to: a) recording a duplicate original deed executed by the Board of Public Works in the Land Records; b) recovering all damages caused by the failure to record the Deed including, but not limited to, recording fees and property taxes advanced in connection with the recording and all staff time; and/or c) seeking a declaratory judgment that the sale was a nullity, reselling the property, and refunding the balance of any funds already paid after all damages incurred by the failure to record the Deed have been calculated and deducted by MDOT.
3. The quit claim deed or deeds by which the SHA will convey said property to the buyer will convey all of the SHA's right, title, and interest as conveyed to the SHA by the deed or deeds on record to the SHA for the land covered by the proposed sale. The said deed or deeds to said buyer will contain the following reservations, restrictions and covenants, which shall run with and bind the land to be conveyed, and which shall also be binding upon the buyer (grantee) and the heirs, successors and assigns of said grantee forever.

**STANDARD CONDITIONS, RESERVATIONS AND COVENANTS GOVERNING THE SALE OF REAL PROPERTY  
(Continued):**

4. Reserving unto the State of Maryland, to the use of the SHA, its successors and assigns, the following:
- a. Excepting from this conveyance so much of said land as will lie between the outermost lines designated "Right-of-Way Line" as shown and/or indicated on the SHA-SRC Right-of-Way plat(s) for this project.
  - b. The right to create, use and maintain on the land shown hatched thus  on the SHA-SRC plat(s) such slopes as are necessary to retain the highway and/or adjacent property; it being agreed between the parties hereto, however, that at such time as the contour of the land required for slopes is no longer necessary as support to protect the property retained by the State in fee simple, then said easement for slopes shall cease to be effective.
  - c. The right to create, use, and maintain on the land shown cross-hatched thus  on the SHA-SRC plat(s) a perpetual easement for such drainage structures, stream changes, and facilities as are necessary in the opinion of the SHA to care for whatever drainage structures which may be determined necessary by the SHA to protect the highway.
  - d. The perpetual right to discharge the flow of water from such stream changes and all other drainage facilities as are necessary in the opinion of the SHA to adequately drain the highway or adjacent property and/or control the flow of water into existing waterways or natural drainage courses, as indicated by the symbol  and/or the existing ground, as indicated by the symbol , at the outlet end of the drainage facilities so created by the SHA, all of which are shown on the Right-of-Way plat(s).
  - e. Subject to and reserving from this conveyance any and all rights and reservations that may have been granted or reserved by the former owners of this property or their predecessors in title and/or covenants or restrictions which may have been established with respect to said land by such former owners or their predecessors in title.
  - f. Subject to and reserving from this conveyance any and all existing rights now held or used by any public utility or public utilities across or adjacent to the land hereby conveyed.
8. Deposit(s) or balance due at settlement shall be in the form of a certified or cashier's check in the amount specified in the Offer for Purchase of Fee Simple Property: Offer Information Summary and Offer Form.
9. All auction bid offers submitted on any property shall remain in full force and effect for not less than 180 days after the date of auction.
10. The highest informal offer submitted on any property shall remain in full force and effect for 180 days after the closing date for receipt of the informal offer. Except for the check submitted with the highest informal offer, all other checks will be returned to such buyers by mail within seven (7) days of the closing date for receipt of the offer.
11. No Offer for Purchase of Fee Simple Property shall be considered accepted until formal Notice of Approval of Sale, in writing, is received by the buyer from the Maryland Department of Transportation. Where BPW approval is required no sale is final until the BPW approves the sale and the deed executed by the BPW is delivered.
12. If the buyer should fail to transmit a certified or cashier's check covering the balance of the sales price to the SHA within 90 days of the date he/she is notified (Notice of Approval of Sale) that the executed deed is ready for delivery, then the SHA may automatically retain the full amount of any "deposit monies" held and thereafter dispose of the property in whatever manner the SHA may determine, without any further obligation or liability to the buyer, who thus fails to pay the balance due as specified. Exceptions are warranted for granted extension.

**ADDITIONAL CONDITIONS AND DISCLOSURE INFORMATION**

**Property Conditions and Disclosures:**

1. The apparent zoning is Suburban Industrial (S1). All zoning and use determinations will be made by Queen Anne's County, Maryland. State Highway Administration (SHA) offers no warranty as to zoning or permitted use.
2. SHA considers the highest and best use of the subject property would be for continued use of the existing gas station/convenience store with truck maintenance shop use.
3. The subject property is a 31.524± acre parcel operating as a "retail gas station/former truck stop" improved with a convenience store (960± SF) with gas and diesel sales, a truck maintenance shop building (3,569± SF), and a former restaurant/truck stop building (3,995±SF), all built in 1981. Supporting on-sites generally include a gas canopy (504± SF) with 2 fuel dispensers, diesel canopy (2,604± SF) with 2 fuel dispensers, 5 underground fuel tanks, concrete islands (198± SF), asphalt paving (240,000± SF), concrete paving (5,000± SF) and a truck scale (non-working according to tenant). An estimated 9.447± acres is considered the "primary site" that is currently under lease to Trailway Truck Terminal, Inc. (d/b/a/ Triple T) and includes all of the existing improvements. The remaining 22.077± acres that is not in use is identified as surplus land and is mostly wooded with some wetlands. A 150' wide high-voltage electric transmission line easement runs across the western portion of the site, through both the primary site and the surplus land area to the rear. The property is accessible via MD Route 304 (Ruthsburg Road).
4. The property Tax Account No. is 03-014436, and Tax Map Identification is Tax Map 45, Parcel 25.
5. Public utilities (water & sewer) are not available in this area and the site requires private on-site septic disposal. According to Health Department records the subject's septic system has an estimated 1,670 linear feet of drain field trenches as well as a SCAT (Single Container Air Treatment) system and a Nibbler system. The SCAT system aerates septic effluent, and the nibbler system is designed to prevent oil & grease from entering the soil absorption system by using biological pretreatment to breakdown the grease. The subject soil types are rated as very limited in their suitability for septic tank absorption fields. The on-site septic disposal system has reportedly failed, and the restaurant/truck stop building has been closed for several years. According to John Nickerson, director of the Queen Anne's County Department of Health, due to the limitations on the site's septic disposal capabilities, the restaurant cannot be re-opened, and the operation cannot be expanded beyond the existing gas station/convenience store. Any redevelopment of the site would be extremely limited and septic approval would likely only accommodate a single restroom like in the existing convenience store. If public sewer becomes available in the future, the development potential of the subject property would improve significantly.
